# Expedited Building Permit

for residential development in Tomhegan Twp. within the Brassua Lake Concept Plan

## 1. APPLICANT INFORMATION

Applicant Name(s) <b>MATT Goodrich</b>	Daytime Phone <b>207 650 1125</b>	FAX (if applicable)
Mailing Address <b>520 Ledge Rd</b>	Email (if applicable) <b>mgoodrich26@yahoo.com</b>	
Town <b>Yarmouth</b>	State <b>ME</b>	Zip Code <b>04096</b>

## 2. PROJECT LOCATION AND PROPERTY DETAILS - TOMHEGAN TWP

Tax Plan and Lot Numbers (check tax bill) <b>LOT #1</b>	Book/Page Numbers (check deed) <b>3494/331</b>
Lot size (in acres, or in square feet if less than 1 acre) <b>1.6 acres</b>	Lot coverage (in square feet)

Please check one of the following located on Brassua Lake:

☐ Area A: 52 shorefront residential lots (Poplar Hill) ☐ Area F: 1 shorefront residential lot on the Brassua Lake's western shore

☐ Area E: 1 shorefront residential lot (eastern shore) ☒ Area G: 4 shorefront residential lots on Brassua Lake's eastern shore

## 3. EXISTING STRUCTURES **New Septic Installation ONLY**

Are there any structures on your property? If YES, fill in a line on the table for each existing structure. ☒ YES ☐ NO

Type of structure (dwelling, garage, deck, porch, shed, driveway, etc.)	Year built	Exterior dimensions (LxWxH)	Type of foundation (full basement, slab, post, etc.)	Distance (in feet) of structure from nearest:				
				Road	Property line	Brassua Lake	Wetland	
<b>Dwelling</b>		<b>28x38x20</b>	<b>SLAB</b>	<b>200'</b>	<b>26'</b>	<b>225'</b>		

**RECEIVED**  
**MAY 25 2016**

**LUPC - GREENVILLE**

## 4. PROPOSED ACTIVITIES

☐ Transfer of ownership. Provide the name of the previous owner or lessee of your property: \_\_\_\_\_

☒ Installation of a new sewage disposal system, or expansion of an existing sewage disposal system.

☐ New construction, reconstruction of existing structures, or changes to previously permitted structures. Fill in a line on the table below for each structure:

Type of structure (dwelling, garage, deck, porch, shed, driveway, etc.)	Proposal (check all that apply)								Exterior dimensions (LxWxH)	Distance (in feet) of structure from nearest:			
	New structure	Reconstruct	Expand	Relocate	Enclose deck/porch	Foundation	Permanent setbacks	Change dimensions or other *		Road	Property line	Brassua Lake	Wetland
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>					
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>					
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>					
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>					
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>					
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>					

\* Other. If you selected "Other" from the table above, describe in detail what you are proposing: \_\_\_\_\_

BP 13423-A

**5. VEGETATION CLEARING, FILLING AND GRADING, SOIL DISTURBANCE** (If applicable, fill in this table)

	Proposed New Area (in sq. ft.) of cleared/filled/disturbed soil:	Distance (in feet) between edge of cleared/filled area and the nearest:			
		Road	Property line	Brassua Lake	Wetland
Cleared area					
Filled/disturbed area					
What is the average slope of land between the area to be filled/disturbed and Brassua Lake or the wetland? .. % <input type="checkbox"/> NA					

**6. APPLICANT SIGNATURE (REQUIRED) AND AGENT AUTHORIZATION (OPTIONAL)**

Agent Name	Daytime Phone	FAX (if applicable)
Mailing Address	Email (if applicable)	
Town	State	Zip Code

I have personally examined and am familiar with the information submitted in this application, including the accompanying exhibits and supplements, and to the best of my knowledge and belief, this application is complete with all necessary exhibits. I understand that if the application is incomplete or without any required exhibits that it will result in delays in processing my permit decision. The information in this application is a true and adequate narrative and depiction of what currently exists on and what is proposed at the property. I certify that I will give a copy of this permit and associated conditions to any contractors working on my project. I understand that I am ultimately responsible for complying with all applicable regulations and with all conditions and limitations of any permits issued to me by the Commission. If there is an Agent listed above, I hereby authorize that individual or business to act as my legal agent in all matters relating to this permit application. I understand that while there is a required Statewide Maine Uniform Building and Energy Code (MUBEC) administered by the Maine Department of Public Safety, Bureau of Building Codes & Standards, the LUPC's review is limited only to land use issues and the Commission does not make any findings related to the MUBEC nor do Commission staff inspect buildings or enforce any provisions of that Code.

Please check one of the boxes below: (see "Accessing the Project Site for Site Evaluation and Inspection" just prior to the application form)

☒ I authorize staff of the Land Use Planning Commission to access the project site as necessary at any reasonable hour for the purpose of evaluating the site to verify the application materials I have submitted, and for the purpose of inspecting for compliance with statutory and regulatory requirements, and the terms and conditions of my permit.

☐ I request that staff of the Land Use Planning Commission make reasonable efforts to contact me in advance to obtain my permission to fully access the project site for purposes of any necessary site evaluation and compliance inspection.

All appropriate persons listed on the deed, lease or sales contract must sign below.

## EXHIBIT D-1: EXISTING SITE PLAN

Prepare a bird's-eye view site plan that shows your entire property and includes all the elements described for Exhibit D in the instructions on page ii, and demonstrates that all development is within the building envelopes approved as part of the applicable subdivision permit. Do not use colors. Refer to the instructions on page viii for a sample site plan.

Notes/Legend:

3 Bedroom Septic Design

## **DEVELOPMENT RESTRICTIONS FOR RESIDENTIAL AREAS WITHIN THE BRASSUA LAKE CONCEPT PLAN**

ver. 10/2004

The following development restrictions are included as conditions of permit approval for any residential development authorized by LURC within the Brassua Lake Concept Plan. All references to the Commission's Rules and Standards herein shall mean those rules and standards in effect as of the date of approval of the Concept Plan, copies of which are included in the Brassua Lake Concept Plan as Appendices 2 - 15.

### **RESTRICTIONS FOR ALL DEVELOPMENT AREAS (AREAS A – G)**

---

1. No building or other construction may be undertaken on any lot without first obtaining an approved permit from the Maine Land Use Regulation Commission.
2. All structures and uses must meet the land use standards outlined in Appendices 2-15 of the Brassua Lake Concept Plan, including the dimensional and setback requirements outlined in Appendix 9 and the clearing of vegetation requirements outlined in Appendix 3.
3. All work that disturbs the natural soil conditions shall use current erosion control measures in accordance with LURC's Guidelines for Vegetative Stabilization (Appendix 15) and Maine's Erosion and Sediment Control Handbook for Construction: Best Management Practices (Department of Environmental Protection, March 1991).
4. Building height within 500 feet of Brassua Lake or Baker Pond shall be no higher than the screening vegetation or 25 feet, whichever is greater. Notwithstanding the dimensional requirements of Appendix 9, building height greater than 500 feet from Brassua Lake or Baker Pond shall be no higher than 40 feet.
5. Exterior lighting on the lakeside of the structure shall be limited to 100 watts in aggregate, screened from lake view and directed towards the ground and/or the structure.
6. Buried utilities are allowed on the lot to provide service. Overhead utilities are allowed between structures on the lot.
7. Subsurface wastewater disposal systems are permitted, pursuant to approved septic design and soil suitability in accordance with the State of Maine Plumbing Code. If an outhouse (privy) is utilized, it must be located behind the camp, at least 100 feet away from the normal high water mark of the shoreline, and screened from view from the shoreline.
8. Wells are permitted, in accordance with the State of Maine Plumbing Code. However, Brassua Lake water shall only be procured by hand carry or by hand pump.
9. If generators are used, some form of noise protection must be employed, including but not limited, to enclosure of the generator in a shed. All generators must be equipped with spark arrestor units. The noise levels produced by generator use shall be no more than 60 dba (decibels) measured 50 feet away from the source.
10. The property lines shall be kept free and open. No fences, hedges, or walls shall be allowed thereon.

### **ADDITIONAL RESTRICTIONS FOR AREA A**

---

1. Lots within Area A may only be used for single-family residential dwellings. Only one residential dwelling is allowed per lot. No commercial use will be allowed on the lot, except that rental of lot and structures thereon may be allowed. The lots cannot be further subdivided.
2. The total building footprint for the principal structure on each lot is limited to no more than 2,000 square feet.
3. Two (2) accessory structures are allowed per lot. Accessory structures are limited to a maximum of 800 square feet of footprint in aggregate.
4. Area A shall have 3000 feet of shorefront encompassing approximately 40 acres in "Common Open Green Space". The "Common Open Green Spaces" are to remain in a natural undeveloped state in perpetuity; docks (permanent or temporary), structures, and lighting are prohibited.
5. No trailered ramps are to be constructed on individual lots within Area A.

6. Each lot owner within Area A shall belong to the Poplar Hill Lot Owners Association. The purpose of the Poplar Hill Lot Owners Association is to govern the uses specified in the lot owners' association rules and bylaws that include the ability to enforce any and all covenants, to fix assessments or common charges for maintenance and normal repair of the loop, spur and access road, to maintain and pay taxes of the "common open green areas", and to pay for the removal of refuse from the transfer site at Area B.
7. Permanent docks are prohibited. One temporary (seasonal) dock, limited to 16 feet in length, is allowed on each lot. Dock lighting usage shall be limited to loading and unloading boats, and shall not be in continuous nightly use.
8. Driveways shall be constructed, when site conditions allow, so that two adjacent lots share a common entry (egress) point from (to) the access road.
9. Signs permitted on the lot include one "for sale" sign and signs identifying residential dwellings. Notwithstanding the sign standards of Appendix 12, no sign shall exceed 12" x 24" (2 sq. ft.) in size.

#### **ADDITIONAL RESTRICTIONS FOR AREA E**

---

1. Area E may only be used for a single-family residential dwelling. Only one residential dwelling is allowed. No commercial use will be allowed on the lot, except that rental of lot and structures thereon may be allowed. The lot cannot be further subdivided.
2. The total building footprint for the principal structure on the lot is limited to no more than 2,000 square feet.
3. Two (2) accessory structures are allowed on the lot. Accessory structures are limited to a maximum of 800 square feet of footprint in aggregate.
4. Permanent docks are prohibited. One temporary (seasonal) dock, limited to 16 feet in length, is allowed on each lot. Dock lighting usage shall be limited to loading and unloading boats, and shall not be in continuous nightly use.
5. Signs permitted on the lot include one "for sale" sign and signs identifying residential dwellings. Notwithstanding the sign standards of Appendix 12, no sign shall exceed 12" x 24" (2 sq. ft.) in size.

#### **ADDITIONAL RESTRICTIONS FOR AREA F**

---

1. The lot may only be used for single-family residential dwellings. Two residential dwellings are allowed. No commercial use will be allowed on the lot, except that rental of lot and structures thereon may be allowed. The lot cannot be further subdivided.
2. The total building footprint for each principal structure is limited to no more than 2,000 square feet.
3. Two (2) accessory structures are allowed per dwelling. Accessory structures are limited to a maximum of 800 square feet of footprint in aggregate for each dwelling.
4. Permanent docks are prohibited. One temporary (seasonal) dock, limited to 16 feet in length, is allowed for each dwelling. Dock lighting usage shall be limited to loading and unloading boats, and shall not be in continuous nightly use.
5. Driveways shall be constructed, when site conditions allow, so that two adjacent lots share a common entry (egress) point from (to) the access road.
6. Signs permitted on the lot include one "for sale" sign and signs identifying residential dwellings. Notwithstanding the sign standards of Appendix 12, no sign shall exceed 12" x 24" (2 sq. ft.) in size.

#### **ADDITIONAL RESTRICTIONS FOR AREA G**

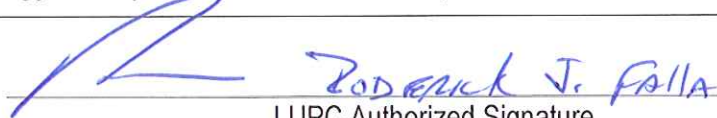

---

1. The lot can be subdivided into five parcels. Four parcels may only be used for single-family residential dwellings. The remaining lot is to be retained by the applicant. No commercial use will be allowed on the lot, except that rental of lot and structures thereon may be allowed. The four parcels cannot be further subdivided.
2. The total building footprint for the principal structure on each lot is limited to no more than 2,000 square feet.
3. Two (2) accessory structures are allowed per lot. Accessory structures are limited to a maximum of 800 square feet of footprint in aggregate.
4. Permanent docks are prohibited. One temporary (seasonal) dock, limited to 16 feet in length, is allowed on each lot. Dock lighting usage shall be limited to loading and unloading boats, and shall not be in continuous nightly use.
5. Driveways shall be constructed, when site conditions allow, so that two adjacent lots share a common entry (egress) point from (to) the access road.
6. Signs permitted on the lot include one "for sale" sign and signs identifying residential dwellings. Notwithstanding the sign standards of Appendix 12, no sign shall exceed 12" x 24" (2 sq. ft.) in size.

# BUILDING PERMIT BP-13423-A

Based on the information you have submitted in the attached application and supporting documents, the staff of the Land Use Planning Commission concludes that, if carried out in compliance with the conditions of approval below, your proposal will meet the criteria for approval, 12 M.R.S.A. §685-B(4) of the Commission's statutes and the provisions of the Commission's *Land Use Districts and Standards*. Any variation from the application or the conditions of approval is subject to prior Commission review and approval. Any variation undertaken without Commission approval constitutes a violation of Land Use Planning Commission law. In addition, any person aggrieved by this decision of the staff may, within 30 days, request that the Commission review the decision.

  
LUPC Authorized Signature

5/25/16  
Effective Date

## CONDITIONS OF APPROVAL

### General Conditions

1. **At least one week prior to commencing the permitted activities**, the permittee must contact the Commission staff and notify them of the date construction will start. **If these activities include a permanent foundation**, the permittee must notify staff **of the date the forms will be set**. This will allow staff time to arrange a pre-construction site visit to review the applicable standards and requirements of the permit with the permittee. ( **If you leave a telephone message**, please include your full name, telephone number, permit number, and the date/s the work will start.)
2. Construction activities authorized in this permit must be substantially started within 2 years of the effective date of this permit and substantially completed within 5 years of the effective date of this permit. If such construction activities are not started and completed within this time limitation, this permit shall lapse and no activities shall then occur unless and until a new permit has been granted by the Commission.
3. This permit is dependent upon and limited to the proposal as set forth in the application and supporting documents, except as modified by the Commission in granting this permit. Any variation is subject to prior review and approval of the Maine Land Use Planning Commission. Any variation from the application or the conditions of approval undertaken without approval of the Commission constitutes a violation of Land Use Planning Commission law.
4. Structures authorized under this permit, as well as filling/grading/soil disturbance and cleared openings created as part of construction activities authorized under this permit, must be located to meet the road, property line, water and wetland setback distances, exterior dimensions and building heights consistent with all applicable terms and conditions of the Brassua Lake Concept Plan and attached Development Restrictions for Residential Areas.
5. Temporary and permanent sedimentation control measures must be implemented to effectively stabilize all areas of disturbed soil and to catch sediment from runoff water before it leaves the construction site so that sediment does not enter water bodies, drainage systems, water crossings, wetlands or adjacent properties. Clearing and construction activities, except those necessary to establish sedimentation control devices, shall not begin until all erosion and sedimentation control devices (including ditches, culverts, sediment traps, settling basins, hay bales, silt fences, etc.) have been installed and stabilized. Once in place, such devices shall be maintained to ensure proper functioning.
6. Effective, temporary stabilization of all disturbed and stockpiled soil must be completed at the end of each work day. All temporary sedimentation and erosion control devices shall be removed after construction activity has ceased and a cover of healthy vegetation has established itself or other appropriate permanent control measures have been effectively implemented. Permanent soil stabilization shall be completed within one week of inactivity or completion of construction.
7. Cleared openings created as part of construction activities authorized under this permit must be effectively stabilized and revegetated.
8. All imported fill material must be free of hazardous or toxic materials and must not contain debris, trash, or rubbish.
9. Soil disturbance must not occur when the ground is frozen or saturated.
10. Topsoil must not be removed from the site except for that necessary for construction activities authorized in this permit. Topsoil must be stockpiled at least 100 feet from any water body.
11. The permittee shall not advertise Land Use Planning Commission approval without first obtaining approval for such advertising. Any such advertising shall refer to this permit only if it also notes that the permit is subject to conditions of approval.

12. In the event the permittee should sell or lease this property, the buyer or lessee shall be provided a copy of the approved permit and conditions of approval. The new owner or lessee should then contact the Land Use Planning Commission to have the permit transferred into his/her name. If there are no additional changes the transfer can be accomplished on a Minor Change Form.
13. All exterior lighting must be located and installed so as to illuminate only the target area to the extent possible. Exterior lighting must not produce a strong, dazzling light or reflection beyond lot lines onto neighboring properties, water bodies, or roadway so as to impair driver vision or to create nuisance conditions.
14. The scenic character and healthful condition of the area covered under this permit must be maintained. The area must be kept free of litter, trash, junk cars and other vehicles, and any other materials that may constitute a hazardous or nuisance condition.
15. The permittee shall secure and comply with all applicable licenses, permits, authorizations, and requirements of all federal, state, and local agencies including but not limited to: Air and Water Pollution Control Regulations; Subsurface Wastewater Disposal System approval from the Local Plumbing Inspector and/or Maine Department of Health and Human Services, Subsurface Wastewater Program; and the Maine Department of Transportation, Driveway Entrance Permit, a physical E-911 address from your County Commissioner's Office.
16. Once construction is complete, the permittee shall submit a self-certification form, notifying the Commission that all conditions of approval of this permit have been met. The permittee shall submit all information requested by the Commission demonstrating compliance with the terms of this permit.
17. The driveway must be located and constructed so that (a) it will not erode or create any undue restriction or disruption of existing surface water drainage ways and (b) it will divert runoff to a vegetated buffer strip so as to prevent it from directly entering a water body, mapped P-WL1 wetland or roadway.
18. The lot may not be further divided without the prior review and approval of the Commission. In addition, certain restrictions, including subdivision, setback and minimum lot size requirements, and activities on the original parcel from which the lot was first divided, may limit or prohibit further division of the lot in the future. The permittee(s) is (are) hereby advised to consult applicable land use laws and rules and with the Commission prior to any future further division of the lot.
19. All conditions of previously issued Commission permits shall remain in effect, except as specifically modified by this permit. For parcels that are part of a Commission-approved subdivision, all conditions of the subdivision permit as they pertain to the permittee's parcel shall remain in effect.
